# From the Head of Learning & Teaching

Dear Parents, Carers, Friends and Students of Marian College,

- ❖ *We encourage excellence and perseverance in learning,*
- ❖ *We strive for continuous improvement*

***God of Winter, we pray in thanks for those with hope around us. In the midst of this lifetime remind us that you still live. You are present in the grey, bleak skies and your Spirit blows in the freezing wind. The wonder of your being can be seen in each snowflake and each bare, black branch. All of these wintry signs are footsteps to new life in the season of spring. Be with us as we wait in hope.***

Whenever it is my week to write the editorial for the newsletter, I tend to acknowledge in some way how busy school life is. This past week (and this week) are no exception. Below is a little insight into some of what took place last week and what it looks like this week. On top of everything else that takes place in a normal school day.

## **The week that was.**

### **Production Week**

A very big thank you and congratulations to all involved in this year's production. What a fantastic

effort by all involved. A very big congratulations to Mr Otto on his first production at Marian College.

### **Fred Hyde Friday / Marian's Got Talent**

Friday was yet another example of Marian's Community Spirit. The Year 12s again rose to the occasion and ran an excellent day. Congratulations to all involved. As soon as the amount raised is known, we will report this to the community.

### **Orientation Day 2**

Day 2 of Grade 6 visits occurred this week. This is the second of three smaller group visits before the whole 2023 cohort come together in November. It was lovely to see some excited faces around the school, getting to know how Marian operates.

### **STEM Science and Engineering Challenge Year 9 and 10**

Some of our 9 and 10 students were involved in an STEM activity last week. Thank you to the staff involved in making this happen and to the Heads of Maths and Science for organising this. From all reports a valuable day for all involved.

## **Macbeth Performance Year 10s**

Thank you to the English department and Mrs Mansell for organising the opportunity for our Year 10s to view a live performance of Macbeth as part of their English studies.

## **The week ahead.**

### **Orientation Day 3**

Day 3 of orientation takes place this week with another group of Grade 6 students coming through the school. Thank you to all involved in making these days a valuable experience for the students.

### **SEAS applications**

Mrs Knights our Careers Counsellor will be working with the Year 12s in relation to their SEAS applications as part of University applications.

### **Child Safety update**

#### **Professional boundaries to keep students safe.**

Below are some examples of information that staff have worked through in relation to maintaining professional boundaries with students outside of school and in relation to online communication with students.

### **Outside School Contact**

In a rural setting, especially, contact with students and families outside the school can occur through shared community activities, where familial relationships exist, or through accidental contact. Staff must not have contact with a student outside the school without knowledge of the Principal, the Head of Wellbeing, or governing authority, (Kildare Education Ministries) for unauthorised tutoring,

private instrumental/other lessons or sport coaching, and without a valid context.

All contacts through shared community activities, such as these but not limited to, coaching and family relationships that exist between a staff member and students and their family, should be registered with the College immediately. Details of the connection and purpose should be emailed to the Principal and Head of Wellbeing for recording on the school register. These are reviewed annually. Accidental contact such as seeing a student in their workplace or in the street, is considered as incidental.

### **Online Communication**

Staff must not have any online contact with a student (including social media, email, instant messaging etc.,) outside the school's official means of communications and for educational purposes only. If an emergency arises, staff have been asked to contact the Principal and parent of the student directly to discuss the matter.

# FROM YOUR HOUSE LEADER

Wow! What a privilege it is to be part of such a talented and generous community here at Marian College.

On Friday we had a wonderful day enjoying food, each other's company and having some fun all to raise funds for a very worthwhile cause. We may not realise how lucky we are to have access to schools and education. This is not the case for all children everywhere. Fred Hyde realised that by building schools in Bangladesh the children there had a better chance of escaping poverty and improving their futures. Thank you to the Year 12s and teachers for all the work they did to organise a great day for us all to enjoy. Thank you to all those who took part in Marian's Got Talent. The variety of talents was great to watch. I can't wait to hear how much we raised this year.

On Thursday, Friday and Saturday night we also saw another group of hard-working talented students sing and dance their way through this year's musical production of High School Musical. It was a great production and huge congratulations must go to everyone involved on stage and behind the scenes to make this happen. It was a wonderful first Marian production for Mr Otto. Many lunchtimes and after-school rehearsals took place to make this such a success. Well done to performers and crew.

As we start week 7, I want to remind all students that phones should not be taken to classes. The school policy is that they are off and away. This does not mean in your pocket. They should be left turned off in locked, lockers.

Students should be using the lockers allocated to them in their homerooms, not just any random locker of choice. TAs will be checking that all students have their belongings in their correct locker.

It is important that all students have their diaries in classes with them. No student will be allowed to leave class without a signed diary. If students forget their diary they must get a day diary from the RTC at the beginning of the day. Students will not be allowed to leave class in groups. Some poor choices, made by some students recently have highlighted the reasons why we have these rules and we ask you to follow them.

Thanks  
Mrs Boatman

## TERRY LANNEN

Recently we lost one of life's true gentlemen in Mr. Terry Lannen. The Lannen family has a rich history with Marian College. Parents Terry and Noma chose Marian College to educate all 6 of their children with 3 being School Captains. The family consists of; twins Tim and Terry followed by Maureen, Patricia (Trica), Tina and the baby, Danny.

### Captains

1978 Trica

1980 Tina

1983 Danny

Five of the eight family members' names started with 'T' which was quite annoying for them when mail arrived addressed to 'T. Lannen'.

I was lucky enough to have been at school in the 80's. Tina was an admired captain because of her inclusiveness, sporting ability, intelligence and friendliness. Her younger brother Danny was school captain alongside my sister Jacqui. He was renowned for his unique laugh which was quite infectious. Danny was an excellent public speaker and quite a clever wordsmith. After leaving school he became a journalist which was certainly very fitting for him.

Rest in peace Mr. Lannen knowing you have brought 6 beautiful children into this world.

# COMPLETE THEATRE WORKS PERFORMANCE OF MACBETH

On Tuesday 16th of August, the Complete Works Theatre Company came to Marian College and presented a shortened version of Macbeth to the year 10s. There were three actors: Wolfgang, Claire and Josh, and they shared the roles between them. Josh played the roles of Macbeth and a witch. Claire played Lady Macbeth as well as one of the weird sisters, Malcolm and some other minor roles. Wolfgang played Banquo, and did a really good job as the porter.

Before the play started the actors told the audience about the history of the play and how it would have been if you had watched it 400 years ago. They told us about the Gunpowder Plot and how people would have viewed the crime of killing a king. Then they did the opening scene with the witches. After that, they explained the background of that scene. They performed the entire play in this way, acting for a bit before stopping to explain it.

Some students thought that the best scene was when they were fighting with swords! Others laughed a lot when the porter was being rude about the effects of alcohol. Some students felt that it would

have been uncomfortable for the actors to kiss in front of the group of year 10s. (That was when Macbeth kissed Lady Macbeth.)

Overall, we recommend that next year's year 10s should have the same experience as it was well prepared and performed.

Ms Waterson's Year 10 English class.

Student comments:

*I personally really enjoyed the play and it helped me understand the play and it was entertaining.*

*I was surprised at their performance because they were so professional in their acting.*

*It was amazing.*

*I learnt some history.*

*It brought the words off the page and into real life.*

## The New-Print of Construction

Construction is big business in Australia, but many people don't really know what it's like to work in the industry. Year13 has teamed up with Construction Skills Queensland to show you what's available in the industry, what it takes to make a career of it, and what the future could hold for you. You can complete 5 modules that will prepare you for the industry:

- Skills of the industry
- Working in construction
- Making it happen
- Gearing up for the job
- Breaking new ground.

Complete the modules via <https://year13.com.au/academy/csq>

## Overseas gap years are back!

Year 12 students who are keen to explore overseas gap year opportunities should start planning soon. Many companies are advertising opportunities for experiences such as:

- Adventure
- Volunteering
- Environment and animal conservation
- Work holidays
- Community care
- Teaching assistants
- Au pair/nanny
- Skiing
- Boarding house assistant

Students will need to take into consideration budgets, safety advice for travellers, if the position will be paid, if accommodation and meals will be provided, and if they will have 24 hour support from the company etc.

There are also Australian gap year opportunities you can explore. Year13 has developed an excellent website that features companies and opportunities, <https://year13.com.au/explore/travel>
